As the interim President of IPA Canada I want to welcome you into 2018 with all of the excitement that a new year brings to us as individuals and also to our organization.

Worldwide, IPA was formed to accomplish two simple, yet important principles – friendship within the policing community and co-operation among policing professionals. Both continue to be valid today and should continue to inspire our work locally and globally.

I am pleased to report on the following progress from the National Executive Bureau (NEB).

Thank you to all Regions for submitting their 2017 Membership Report and fees promptly.

The next constitutionally mandated election of Officers of the NEB was scheduled for the 2019 National Annual General Meeting, but circumstances have changed.

I was gratified to see that a large majority of Directors of the National Executive Council (NEC) have agreed with the majority of the NEB by passing a motion that makes an election of all positions in the NEB possible a year sooner. The election will be held at the up-coming 2018 AGM in Vancouver this May.

Since 2015, we have held processes by necessity that gave us a patchwork NEB for various reasons. Some officers were appointed, others elected in a compressed competition and the Presidency was awarded to me as the result of the resignation of the duly elected president.

The incumbents are doing sterling work, but IPA Canada deserves to have an open process where the NEB is democratically elected by the whole of the NEC. Also, the NEB deserves to know that they have the confidence of and a mandate by the NEC to perform their roles for the next three years. This will be a new start with a clean slate.

Nomination forms along with job descriptions have been sent to all Regional Presidents. If you are interested in a position on the NEB and have the prerequisite experience have your region nominate you.

Securing liability insurance for our organization was another important task on which we have made great strides. We hope to have insurance that will protect IPA Canada and its executive, both National and Regional, by the end of February.

IPA Section Canada was welcomed into the IPA international family in 1961. In the intervening 57 years we have had our ups and downs, our squabbles and moments of great accord. Through it all, feelings of friendship and bonhomie have prevailed. It is my sincere hope that this environment of goodwill continues in our organization, one built on friendship and co-operation.

In closing, I'll leave you with this thought.

The best recommendation is that of a friend. This is a great organization, why keep it secret?

I challenge you to recruit your friends, workmates, your former workmates or anyone that qualifies for membership under our constitution. Lets make IPA Canada grow!

In friendship Chris

Holiday Greetings from Region 14

Wishing You All A Wonderful

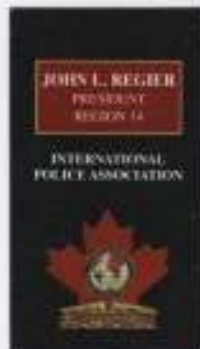

MERRY CHRISTMAS

&

HAPPY NEW YEAR

I hope we're all in contact in 2018 and can all get together. We all need to remember that the IPA focus is friendship so we sure need to support our Canadian President and all the other National Executives. Having our 2018 IPA AGM in Vancouver should be great. Besides forwarding my Region 14 card I'm forwarding my Quarter Horse business card in case some members need a horse for a Christmas present!

In Friendship

From the Editor

Welcome to the 2nd edition in which I am the editor of the National News Letter . I am hoping that everyone enjoyed the November 2017 edition. This is definitely a learning experience for me but am happy to be able to share with members highlights of what is going on with IPA Canada members. Please remember to send me your articles and news. If anyone is interested in helping me translate, please let me know, any assistance would be appreciated. Thank you to my colleagues Marie-France Parent and Claudia Theberge for helping me translate the French version of the Newsletter.

Eventually the schedule for our quarterly issues will fall into place and will go with the seasons. With this being said, unfortunately there was no publication over the holidays. Although a bit late, I would like to wish everyone a Happy and Healthy 2018.

IPA Canada will experience multiple changes over the upcoming year following the resignation of Denis Nadeau as National President as well as Christian Parent as Communications Commission Chairperson. Both of these gentlemen have contributed countless hours over the years for which we say THANK YOU and good luck with your future endeavours. As well thank you to Chris Barratt for stepping in as National President until an election can be held. Looking forward to attending the AGM which will be held in May in Vancouver and seeing what the future will bring for IPA Canada.

Editor's Challenge:

Have you attended an IPA event lately? If not what are you waiting for? No time like the present to attend and see what is going on!

We mourn the loss of Ken Farrow – Region 11

Submitted by Chris Barratt – National Historian

The past president of IPA Canada Region 11, Mr. Ken Farrow, passed away on January 10, 2018, peacefully. Ken was 97 years old and the beloved husband of Catherine for 72 years. He was the loving father of Sheila Hatfield (Eugene) and the late Gordon (2001).

A veteran of WW2 Ken volunteered for service in 1940 and saw action in southern France and Germany.

Ken served with the British Army under both Field Marshall Montgomery, and later George Patton's 3rd Army, following the successful D-Day landings in June 1944. Ken was part of the Canadian/British contingent attached to General George Patton's army in the final invasion of Germany from the western direction, taking part in the liberation of Denmark in May of 1945.

In the summer of 1945 Ken returned to Canada with his war bride Catherine.

Ken joined the Windsor Police Department in October 1954 and served honourably until retiring with the rank of Inspector.

He joined IPA Canada Region 1 on the 5th of April 1976 and became the President of the newly formed Region 11 in 1979.

Ken was instrumental in organizing three IPA Canada AGMs in Windsor - 1985, 1995 and 2005. He was also the moving force in changing the membership rules to admit Customs and Immigration Investigators as full IPA members.

A John Minarik Trophy winner in 2003 for Outstanding Devotion and Service and in 2009 he was awarded Honourary Life Membership in recognition of his dedication to the Canadian Section of the IPA.

Ken was the heart and soul of Region 11 for four decades before retiring as president in 2013. He will truly be missed.

He was laid to rest on January 17, 2018 at the Victoria Lawn Cemetery in Oldcastle, Ontario.

Rest in peace Ken, you will be missed.

Seventy seven participants visited during a 5 to 7 get-to-together then watched certain members receive their membership pins ranging from 5 years to thirty years. Next, a delicious catered meal was enjoyed and lots of gifts were won. The night ended with lots of dancing.

Service through Friendship 友情によって奉仕する

By Richard Laperiere - President Region 7- Montreal

November 2017

September 2014

In September of 2014 members of regions 7 and 15 were received like emperors on a friendship tour of Japan. True to Japanese culture this was an experience of a lifetime. We were welcomed in Narita by IPA Japan 1st Vice President Ryojii Suzuki and for the next three weeks were greeted, wined and dined and escorted in several cities by IPA members. In 2017 a Japanese delegation came to Quebec for a friendship week organized by region 15. On October 12, 2017, Ryojii Suzuki and his wife Kazuko came to Québec for the first time. Region 7 members had the honour to guide them for their Montréal segment of their vacation and ended the full-day visit with a good steak supper at the Keg Steakhouse. Christian Parent, president from region 15 accompanied them for the remainder of their Quebec visit.

Ryojii & Kazuko and members of regions 7 are now Facebook friends and will continue to correspond. Thanks IPA for making this possible.

SERVO PER AMIKECO

An Invitation from Region 16- Atlantic

After our very successful "Bermuda Bound Cruise" in May of 2017, we have initiated a poll among those members on our very active Facebook Group to determine where we would like to travel in 2019. The majority of our members voted Ireland as the most popular destination.

Region 16, "The Atlantic" are in the planning stages of a group travel to visit Ireland in September of 2019. Through our National Travel Coordinator, we are currently consulting with both sections, the Republic of Ireland, and Northern Ireland (UK) in planning our tour. We have also been in discussions with Colette Travel to see if they were able to assist us in planning our tour i.e. accommodations, coach, meals and itinerary and they have accepted the challenge.

There is a lot of interest from the members of Region 16 to participate in this new event. Early indications are that we will have at least one full tour bus of participants from IPA Canada and possibly a second coach for our sisters and brothers from around the world who will want to join us.

R16 just changed the name of the Facebook group called "Canada: Cruise from New Jersey USA to Bermuda 21-28.05.2017" to "IPA Atlantic Canada - Tour to Ireland (SEPT 2019)" and regular updates on this project will be posted there. If you or your members are interested in being added to the group, please let us know?

"We offer a World of Opportunities"

ON TERRORISM at IBZ GIMBORN

By Rebecca Boyd, York Regional Police
2017 Arthur Troop Scholarship Recipient
IPA Canada Section 2

Hearing a lot about the international friendships but not knowing what to expect, I joined the International Police Association (IPA) in 2012. Around that time, my police organization hosted a German police officer for several weeks and I was very pleased to learn the various differences and similarities between the two organizations. I found these differences to be fascinating. I'm not a particularly worldly person. Before October, I had never even travelled to Europe. All I knew of terrorism was from watching the news and reading bulletins at work. I enjoy working for an organization that is and always was progressive in terms of valuing diversity. In York Region, we have religious and cultural groups with needs and concerns from their community police, but the dynamics of terrorist activity abroad response seems to make these concerns far more urgent.

I signed up for the course On Terrorism with IBZ Schloss Gimborn because of a newly developed interest in the prospect of de-radicalization. I had been following international news relating not only to the Islamic State as a terrorist organization but also home-grown terrorism and the radicalized, hate-minded individual. As I look over my notes from the course, I can see that I began to understand how these groups eventually become radicalized – including the profound socio-economic implications that one is born into and the exposure to messaging that follows. Radicalized messaging is well-planned and calculated. It preys on vulnerabilities in each person that make them susceptible to be easily influenced.

Above: The brooding and often mysterious Gimborn Castle, built in 1273 by the Duke of Berg located near Marienheide, and approximately 45 kilometers north east of Cologne, Germany.

When I arrived at the castle, I was welcomed by the warm and lovely Petra Kreuzer, who explained that life at Schloss Gimborn is unique in many ways. This area of Germany is rural and remote, meaning there was no cell phone service available during my stay. I quickly learned how to use Facebook messenger to communicate with my family and improvised on the six hour time change. Passing the time, however, was not difficult. After dinner most evenings my comrades could be found hanging their hat at the Turmbar, German for Tower Bar, which was fully stocked with all the alcoholic trimmings and snacks that a police officer could ever long for. The social aspect of Gimborn was never lacking.

I found that in my travels in and around Europe, Germany overall was among my favourites. Frankfurt was bustling with activity in the pedestrian area of the Hauptwache but also serene and peaceful near the Main River. Possibly one of the best falafel burgers of my life as found wandering the Zeil area where few historical buildings remained standing. Cologne was also wonderful for all these reasons but also had a busier pedestrian area and an amazing patio and pub section. The Cologne Cathedral, Hohe Domkirche Sankt Petrus, was one of the most incredible pieces of gothic architecture I have ever seen. The magnitude of its beauty cannot be properly articulated in writing without seeing it first-hand.

Our group of 40 plus seminar attendees were fortunate to have been guided through Cologne by a local policeman who helps the International Police Association by occasionally leading walking tours. With his guidance, the group learned the history behind Cologne during the war, and the finer architectural details of some of the buildings. Our tour ended at the Brauerei zur Malzmühle for delicious, traditional German cuisine.

Left: The first 70 feet of the Hohe Domkirche Sankt Petrus, taken while on a group trip to Cologne. Top Right: A stroll down by Frankfurt Am Main. Bottom Right: The best falafel burger ever tasted!

Above: The 2017 On Terrorism seminar attendees at IBZ Schloss Gimborn with more than 11 countries world wide including Australia, Canada, Cyprus, France, Great Britain, Germany, Greece, Ireland, Netherlands, New Zealand, Sweden and USA.

Perhaps the most memorable part of the entire journey was the networking and lifelong friendships that were made along the way. I'm told by Dr. Peter Leßmann-Faust that the seminar On Terrorism was one of the most successful seminars of 2017. I believe this was a combination of hard work by the program facilitators coupled with intelligent, dynamic speakers and an invested group of participants who all struggle with the challenges of hate crime in policing. Many thanks to the IPA for the ongoing facilitation of cross-border camaraderie among police officers. There is and will always be strength in unity and friendship.

By Chris Barratt, Region 2 President

One of the most interesting and rewarding experiences that IPA provides are meeting members from other countries. In September I was pleased and privileged to meet members from the United Kingdom and Belgium.

Mick and Sara hail from Nottinghamshire, England. Mick is the President of IPA Section United Kingdom and has recently retired from the job. Sara still toils away at her assignment in the Professional Standard unit. Arrangements were made through Sgt. Sheila Richardson our contact in the Chief's Office at the Toronto Police Service for our English visitors to tour the Toronto Police Museum and view Toronto from the water on one of the Marine Unit's boats.

As usual Norina D' Agostino, Toronto Police Museum curator was informative and welcoming. The museum contains a wealth of information about the Toronto Police Service going back more than one hundred years, its really a hidden gem and a must see.

Next up was a spin around Toronto Island and a view of the city by police boat. With Constable Melanie Imrie at the helm and Constable Steve Fox providing the narrative we set off from the foot of Rees St. The weather was spectacular as we headed for the islands - clear, warm and very sunny. We cruised between the islands and Melanie said that she would show us the best view of Toronto from the water, and she was right...Toronto is really a very attractive place.

Mick and Sara, Sgt. Sheila Richardson and Chris Barratt at the Toronto Police Service Museum.

Sara and Mick, Constables Melanie Imrie and Steve Fox out in the Toronto Harbour.

After the boat excursion we trekked up Rees St. to Bremner Blvd. and over to the CN Tower. I bade Sara and Mick a fond farewell at this point before they travelled the 447 metres to the Tower's observation deck. Their visit to the Tower was at no charge; an offer extended to visiting IPA members by Al Leathem the CN Tower security supervisor.

The next week I was treated to company from Belgium. Georges and Fabrice are IPA members from Leige Belgium and Federal Police Officers assigned to the Leige Airport. Georges is a firearms trainer and is a specialist in identifying potential terrorists based on behaviours. Fabrice is an expert in false documentation detection.

Arrangements were made through Constable Stephen Hammond also of the Toronto Police Service, Chief's Office to tour the Toronto Mounted Unit and the Toronto Police Museum.

On the appointed day we were ably shown through the museum by Norina and our visitors were especially captivated by the mock-up of a 1920 police station. Georges and Fabrice donned the period uniforms and looked somewhat professional in the below photograph pretending to answer a call for service.

Also on the itinerary were visits to the Mounted Unit, the CN Tower and a whirlwind tour of downtown Toronto.

On day 2 they visited the York Regional Police new multi-million dollar Training facility, the YRP Tactical Unit and the YRP Marine Unit. Each suitably impressed our visitors.

That evening I had the pleasure of their company at my house. We talked about the differences of living and working in our respective countries; it was a wonderful learning experience. Early the next morning they were up and embarked on an ambitious trek to Ottawa for the day then on to Algonquin Park for the following day.

At the airport, on their way home I was able to arrange a meeting with a Canadian Border Services Agency representative so our visitors could get some information about working at a Canadian airport.

My thanks to all those at Toronto Police Service, York Regional Police and Canadian Border Services Agency that made our visitor's tour an enjoyable one.

In friendship Chris Barratt

TRIP TO CANADA 2017

Forwarded by Larry Yip, Region 9

Sharing with you a picturesque travelogue specially prepared by Yves Ollinger, a member of IPA Luxembourg Section. He and his wife Liane came to Vancouver and Bella Coola, British Columbia earlier in September and October of this year. Enjoy the beautiful photographs

Liane and I, we arrived in Vancouver on September 19th. Our first impression: Vancouver isn't such noisy as other big cities. We went for a little walk down to the harbor and Canada Place.

The second day we spent time in Gastown with its Steam clock. We were there at 13.30, and saw the puff steam. It was very spectacular and worth seeing

After having lunch at the "Catch 122" (a fine address, for having breakfast or lunch) we went back to downtown.

The next day we walked through the Stanley Park was forseen with among others the Totem area, the aquarium and the sea.

During the evening we met our IPA friend Larry who had shown us Granville Island and the Queen Elisabeth Park.

The visit of Goose Mountain was a great occasion to take lovely pictures and had a nice view of Vancouver.

We returned to Vancouver and and rested close to the sea.

The last day before flying to Bella Coola we went to the Capilano Suspension Park with a breathtaking bide and a lovely view over the canyon. We admired its special trees.

After having spent a day in the Park we returned to our hotel and the day after we flew to Bella Coola.

Our lodge was situated in a very quite area, surrounded by a splendid mountain landscape where you heart only the water and the birds.

During our stay we did several river drifts where we had the chance of seeing a mother bear with its cubs.

A lot of walking was on our program. One of our guide explained us about the fauna and flora. It was very quiet and relaxing. We appreciated the chat with an aboriginal, who explained us his culture. We learned a lot.

Richard our helicopter pilot showed us lovely sceneries with exceptional views (such as a great waterfall, a small glacier).

Another guide made a trip with us through the beautiful mountain area. We loved that trip because we felt free and could admire a very exceptional landscape. But we were afraid of the devastating wildfire.

The next trip was to observe wild salmon.

Back in Vancouver we had some relaxing days . We met Larry with his wife. They invited us to a lovely Chinese restaurant where we ate excellent chinese food.

The next day we flew home with the conviction to go back to Vancouver in a year or two, especially to meet grizzlies again

In friendship,
Liane and Yves

POLAR BEAR PLUNGE 2018 RAISING FUNDS FOR THE SPECIAL OLYMPICS OF QUEBEC

By Shirley Cavanagh, Region 7- Montreal Treasurer

The Law Enforcement Torch Run is the most important annual fundraiser benefiting Special Olympics in the world. It also raises public awareness of the cause of people living with an intellectual disability. More than 85,000 policemen, policewomen and peace officers carry the Flame of Hope in 35 countries. Participating in the many representation and fundraising activities held during the Law Enforcement Torch Run annual campaign helps special athletes make their dreams come true. It gives them the opportunity to compete and surpass themselves. Thanks to your involvement, more and more disabled people will have the right to dream, enter the job market and become more self-sufficient.

Each year, in addition to the Torch Run, other activities are planned including the Polar Bear Plunge 2018 which was held on February 17, 2018 at the Lachine Canoe Club. This was another successful event in which law enforcement officers and the community came together to raise funds for the Special Olympics of Quebec. Wearing costumes and uniforms of all shapes and sizes, 36 teams jumped into the frigid waters of Lac St-Louis Club and raised \$55,000 for the Special Olympics Québec

Participants jumped into the water feet first and paddled their way at top speed, across the large rectangle cut in the ice, to ladders set up at the opposite side. The teams were comprised of law enforcement officers, corporate managers and employees and Special Olympic athletes.

Proceeds from the plunge help pay for training and the network of competitions for 7,200 Quebec athletes living with intellectual disabilities. The athletes compete in 17 disciplines.

The event was organized by the Law Enforcement Torch Run Committee in collaboration with, among others, the Lachine Canoe Club, Montreal Police, the RCMP, CN Police, Scotiabank and Caisse Desjardins des policiers et policières.

Mr. Andre Lebreux, an officer with the CN Police (who is also an IPA member from Region 7) was on the organizing committee and worked hard to ensure the success of the event. Andre is no stranger to raising funds for the Special Olympics as he has been supporting the cause for multiple years.

Andre approached IPA Region 7 regarding a donation to this worthy cause. During the Polar Bear Plunge, Region 7 members Jean Marc Desnobil, Shirley Cavanagh (treasurer) Jean Guy Sabourin (VP) and his companion Nicole Duval presented a cheque in the amount of \$100.

Our IPA Flag was flown at the event.

We were informed that additional activities will be held throughout the year including the pulling of an airplane as well as a locomotive. IPA Region 7 were challenged to participate in these upcoming events. I believe that we will be up for the challenge!

At the event, were hundreds of participants and spectators, including law enforcement officers from the RCMP, SPVM (Montreal Police), Surete du Quebec (Provincial Police), Longueuil, Mirabel, Laval Police Forces as well as the Akwesawne Mohawk Police.

There were multiple dignitaries present including the chiefs of police from the various forces. During the event, Region 7 members took the opportunity to publicize about the IPA and explain what we are all about. Future meetings have been set up to give presentations and I believe we have already recruiting a few new members.

Keep up the good work Andre, we are proud of you!

Note: Additional pictures from the event are on the cover of the newsletter
